

Roadmap - API REST com DRF

1. Crie um ambiente virtual e instale o Django e o Django REST Framework

```
python -m venv venv
source venv/Scripts/activate
pip install django djangorestframework
```

2. Crie um novo projeto Django

```
django-admin startproject setup .
```

3. Crie um novo aplicativo Django

```
python manage.py startapp nome-do-aplicativo
```

4. Adicione o aplicativo e o Django REST Framework ao arquivo `settings.py`

```
INSTALLED_APPS = [
    ...
    'rest_framework',
    'nome-do-aplicativo',
]
```

5. Crie um modelo no arquivo `models.py` do aplicativo

```
from django.db import models
class MeuModelo(models.Model):
    campo1 = models.CharField(max_length=100)
    campo2 = models.IntegerField()
```

6. Crie um arquivo `serializers.py` no aplicativo e defina um serializer para o modelo

```
from rest_framework import serializers
from .models import MeuModelo

class MeuModeloSerializer(serializers.ModelSerializer):
    class Meta:
```

```
model = MeuModelo
fields = '__all__'
```

7. Crie uma view no arquivo `views.py` do aplicativo

```
from rest_framework import viewsets
from .models import MeuModelo
from .serializers import MeuModeloSerializer
class MeuModeloViewSet(viewsets.ModelViewSet):
    queryset = MeuModelo.objects.all()
    serializer_class = MeuModeloSerializer
```

8. Configure as URLs no arquivo `urls.py` do aplicativo

```
from django.urls import path, include
from rest_framework.routers import DefaultRouter
from .views import MeuModeloViewSet
router = DefaultRouter()

router.register(r'meumodelo', MeuModeloViewSet)
urlpatterns = [
    path('', include(router.urls)),
]
```

9. Inclua as URLs do aplicativo no arquivo `urls.py` do projeto

```
from django.contrib import admin
from django.urls import path, include
urlpatterns = [
    path('admin/', admin.site.urls),
    path('api/', include('nome-do-aplicativo.urls')),
]
```

10. Execute as migrações e inicie o servidor de desenvolvimento

```
python manage.py makemigrations
python manage.py migrate
python manage.py runserver
```
